**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We use Sonic as our telecommunications and internet carrier. We are so tired of fighting to get reasonable access at reasonable prices for our telecommunications and internet needs. We need the competition of multiple players to let the marketplace provide the best service at the lowest price.

We are drained by the constant price hikes. We are dependant on this service for many of the business and personal activities we perform. While we currently use DSL, we are looking forward to getting fiber when it is available at a reasonable price.

Competition at good prices is essential.
